ASSUMPTION STATEMENTS (ERD)

- **CONTEXT:** Neo Culture Technology (NCT) is a K-pop boy band with multiple members (23) and multiple sub-units (4) within the collective music group. This diagram solely models the ontological relationship between the NCT 127 sub-unit entity and its members.
- **STATEMENT #1:** The single sub-unit NCT 127 has many members and those many members belong to only one sub-unit called NCT 127.
- **STATEMENT #2:** Each member has many descriptive attributes (i.e. a first name, a last name, an age, a birthdate, etc.).
- **STATEMENT #3:** The sub-unit of NCT 127 a few descriptive attributes (i.e. total number of members, date founded, agency name, etc.).
